Christina Ahn is the Managing Partner of the Leadership Assessment and Consulting practice at Stanton Chase Korea. As a certified expert in various leadership assessment methodologies, Christina assists organizations with assessment, development, and coaching for senior leaders and organizations. In addition, Christina is the lead partner in driving Diversity & Inclusion initiatives in the Seoul office, providing clients with expertise and guidance on how to link business results with D&I initiatives through strategic talent selection and management.

An experienced consultant with over 15 years of global experience providing clients with strategic HR solutions, Christina has successfully advised multinational companies across a diverse range of industries, including technology, media, pharmaceutical and professional services. Before joining Stanton Chase she was a consultant at global consulting firms such as Mercer and PwC where she was a trusted advisor in the areas of employee engagement, organizational development and change management in the US, Korea, Shanghai and Hong Kong. Christina has also held leadership positions in print media, PR, and luxury sectors where she was responsible for new market entry and business development for China and Korea.

Born in Seoul, Korea and educated in the U.S., Christina is fully bilingual in English and Korean and proficient in basic Mandarin Chinese.

Christina received her master's in communications from the University of Pennsylvania and holds a bachelor's degree from Northwestern University where she majored in organizational change. She is also a doctoral candidate (PhD, ABD) at The University of Hong Kong where she is completing her dissertation.
