### Executive Biography

## Soohee Park

R&D Director

HP Printing Korea Co., Ltd.

---

Soohee Park is R&D Director of HP Printing Korea and leads Product Integration team to deliver developments and innovation of A3 and OEM products world-wide for HP. In her current role, she is dedicated to developing quality products for customers and supporting the HP A3 Office and OEM business growth. She is one of the most talked about woman leaders at the company.

Soohee played a key role in the successful integration of HP and Samsung's printing business solution as a R&D Representative in Korea during HP's acquisition of Samsung Printing business in 2017.

Since the launch of HP Printing Korea, Soohee has been serving as Site Lead in Diversity, Equity and Inclusion Workstream championing HP values and culture. She is passionate about advancing woman leadership in technology and mentoring female talent. She currently sits as a sponsor HP-WISET Global Mentoring Program as well as Korea Lead for HP Partnership with Society of Women in Engineering. She loves to work with diverse and talented teams.

Prior to HP, Soohee worked for Samsung Electronics for 20 years with various engineering positions of SoC(System on Chip) Architect and System Architect including Lead of Technology Roadmap and Strategy.

Soohee holds a Master's degree in Computer Engineering from Busan National University and is also certified by the Stanford University Graduate School of Business on Innovation and Entrepreneurship.

She is a mother of two teenagers and de-stressing with playing musical instruments during her free time.
