

**Woonsik Ha**  
**Country Leader, GE Vernova Offshore Wind Korea**

Woonsik is Country Leader of GE Vernova's Offshore Wind business in Korea. GE Vernova Offshore Wind is one of the world's leading offshore wind energy companies, with a portfolio of offshore wind turbines that offer increased value to customers with proven performance, reliability, efficiency and availability.

Under Woonsik's leadership, GE Vernova's Offshore Wind Korea is well-positioned to play an important role in leading the energy transition journey in Korea while offering cutting-edge offshore wind farm technologies and solutions to support Korea's customers and government.

Woonsik has built more than 30-year career in the energy sector. In March 2022, he re-joined GE Vernova to lead Offshore Wind Korea after retiring from GE in early 2020. Prior to that, Woonsik served as President of Johnson Controls International Korea from 2020 to 2021.

During his career at GE, Woonsik has held various leadership positions at GE Power with increasing responsibilities in services, commercial and operations across various regions and countries such as the US (Schenectady in New York and Atlanta in GA), Hong Kong, Singapore, China (Beijing), and Korea.

From 2014 to 2019, Woonsik was GE Power's Regional Strategic Account Team Leader for North Asia and served as President of GE Power Korea. During this period, he has led to improve C-level relationships with key customers in North Asia, and represented all GE Power activities in Korea by leading both commercial and operation teams.

He also led the tendering teams as General Manager of Commercial Operations for GE China Power Generation Products & Services located in Beijing in 2012 and 2013, and served as General Manager of Commercial Operations for Power Generation Products for Asia and China based in Singapore during 2010 and 2011.

Prior to joining GE, Woonsik worked at Korea Electric Power Corp.

Woonsik holds a Bachelor of Sciences degree in electrical engineering from Seoul National University of Technology, and a Master degree in Marketing Management from Hanyang University in Seoul, Korea.
